BACKROAD CYCLING TOURS offers an exciting way to explore the peaceful countryside, stopping here and there to explore the quaint villages, their shops, parks, and conservation areas.

We offer you a complete package of meals and accommodations so you can do what you like best - cycling.

All routes are paved and many are low traffic country roads. You may want to choose the gravel road and see the unpredictable.

Each Bed & Breakfast has something different and unique, but all offer good clean country air in quiet surroundings.

Each day's trip to the next Bed & Breakfast will be about 50 kms. Tours up to 100 kms per day are available. If this doesn't seem long enough, just think of the time you will have to explore the surrounding countryside, it's people and attractions - some natural, some not.

Don't forget those cameras to take pictures at its best! We want you to return home with memories of the best cycling tour you have ever had.

NOTE:

We, the Bed & Breakfasts, are NOT responsible for injuries, damages or theft. It is the Participant's responsibility to ensure that he/she has adequate medical &/or disability insurance.

PLEASE TAKE NOTE

- because of limited rooms, please book early to avoid disappointment
- please wear helmets - it's for your own safety
